Our Mission

The Turkish American Chamber of Commerce and Industry, TACCI-Midwest was founded in 2006 as a non-profit organization to provide its members with a wide range of services targeted at promoting bilateral trade, investments, commercial relations, and joint ventures between the USA and Turkey.

If you are thinking of increasing your trade volume and investments within and between Turkey and the USA, our chamber can provide the services for you to find proper trade opportunities, join trade missions, contact government agencies, and search for business partners. If wish to start a business in or between Turkey and the USA, you can use our services offered to business professionals, entrepreneurs, and investors. Our services includes but not limited to a list of actions that need to be taken in the course of a business start-up, documentation requirements, legal steps, information on trade activities, and links to relevant government agencies and other websites.

The Chamber provides companies with various tools and resources for accessing and advertising business opportunities and trade leads. Members can also market their business by posting briefly the services and products they are selling on our web site, or by links from chamber's website to theirs.
